The Victim Services Program uses volunteers to provide services to crime victims. Volunteers are specially trained individuals from the community who donate their time to assist those in need. They range in professions and age, and are dedicated to assisting victims and their families. Volunteers work in cooperation with Victim Services staff, police officers and fire department personnel to support victims of crime.

Victim Services volunteers are a very important part of the Chandler Police Department's service to the community. They provide an invaluable service and are just one aspect of Chandler's Volunteers In Policing (VIP) Program. For more information about the VIP Program, please call 480-782-4332.
